# GLOBAL INQUIRY

- Uncover citizens' rights and responsibilities in the digital age;
  - Understand what citizens believe is the impact of technology on their lives;
  - Understand what citizens believe are the forthcoming issues global society will face;
  - Develop a global agenda for citizens to rally around;
  - Develop solutions in the form of policy, technology, and civic action, and;
  - Build an organised group of citizens worldwide who will take forward this agenda.
- 

#UNITEDCITIZENS

# TIMELINE

- JULY TO AUGUST 2018: LISTEN AND LEARN
  - We will have conversations with citizens in every region of the world through an online survey and offline focus groups
  - We will outline the major problems as proposed by citizens worldwide
- AUGUST TO OCTOBER 2018: DEVELOP RESPONSES
  - We will run a hackathon in East Sussex at Byline Festival to develop solutions
  - We will run policy commissions to develop policy solutions
- NOVEMBER 2018: LAUNCH GLOBAL AGENDA
  - We will launch a Global Agenda, which will include a set of issues and solutions, at Politics Summit 2018 (13 Nov)
- JANUARY 2019 AND BEYOND: CITIZEN ACTION
  - Citizens worldwide will work together, and with businesses and governments, to implement change and impact
